# 외박시 하이돔 QR 리더기 체크방법

## 1. 하이돔 초기화면

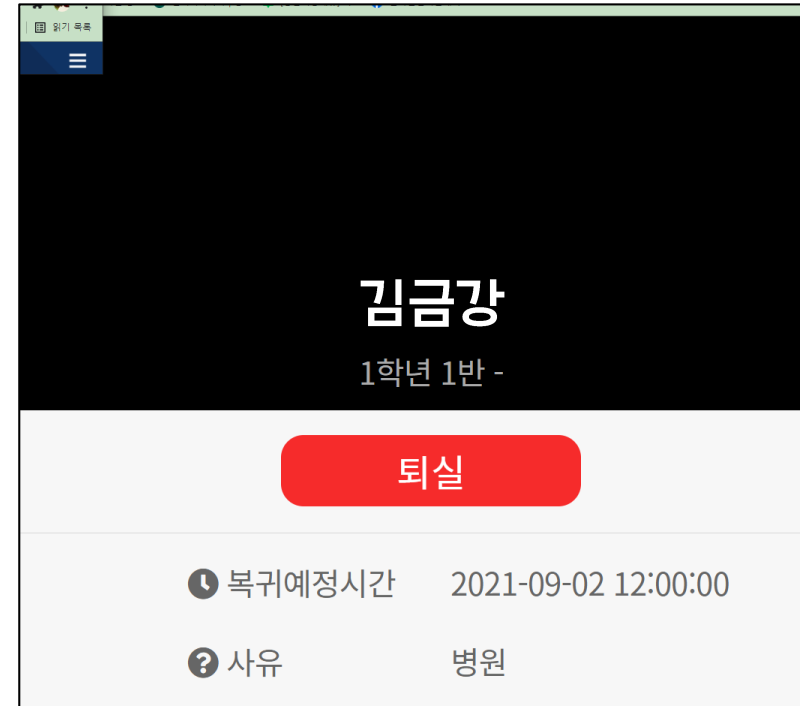

The screenshot shows the LIV@D HI Dorm mobile application interface. At the top, there's a header with the app name and a home icon. Below that is a user profile section for '김금강' (Kim Gung-gang) from '금강대학교' (Gunggang University). A '출입정보' (Check-in/Check-out info) button is visible. The main area displays the user's ID '11' (학번), grade '1학년1반' (1st Year 1st Class), and room '호실'. There are buttons for '출입' (Check-in/Check-out) and '대여' (Borrowing). Below this, it shows the '귀사예정시간' (Expected return time) as '2021-08-31 11:19'. At the bottom, there's a section for '외출/외박사유' (Outgoing/Outing reason) with a prompt to '사유를 선택하세요' (Select a reason). A large QR code is displayed at the very bottom of the screen.

## 2. QR리더기에 코드 스캔

## 3. 모니터에 퇴실 체크 확인

The screenshot shows a monitor displaying the check-out confirmation screen. The top part has a dark background with the user's name '김금강' (Kim Gung-gang) and grade '1학년 1반 -' (1st Year 1st Class -) in white text. Below this is a large red button with the text '퇴실' (Check-out). At the bottom, there are two rows of information: '복귀예정시간' (Expected return time) as '2021-09-02 12:00:00' and '사유' (Reason) as '병원' (Hospital).
